PILGRIM 1: Eruch?

ERUCH: Yeah.

PILGRIM 1: I was reading the other day and I was struck with the fact that when Christ, Jesus Christ, was put on the cross.

They talk about how the skies clouded over and there was earthquakes and then when Baba dropped His body the Kaaba was flooded. Is that a common thing with the Avatars that the earth responds to?

ERUCH: No, you see.

PILGRIM 1: [Inaudible] responds to.

ERUCH: No, really. Nature responds. Nature responds. It does. There are upheavals that take place and nature responds. Favourably or adversely. Means response occur, to the response of humanity. It reflects the response of humanity and favourably or adversely.
